

Cinderella Rehearsal Breakdown

***Reminder, rehearsals are subject to change at any time seen fit by the Choreographers and Directors! These times are estimates and must be looked at as predicted time! Rehearsals many times will run over and sometimes finish early. Additional rehearsals are sometimes needed as the Art is being created and more time is needed. We only have 6 weekends to pull an entire Ballet together, so please work with us during this time. Any absences during a learning rehearsal, will omit the dancer from what is being taught during their absence. A 2nd Absence will result in omission of one part and a 3rd Absence will result in recasting of the dancer's part! The Director has the right to decide what is necessary for the best interest of the production of the Ballet, Artistically!**
